About us page:

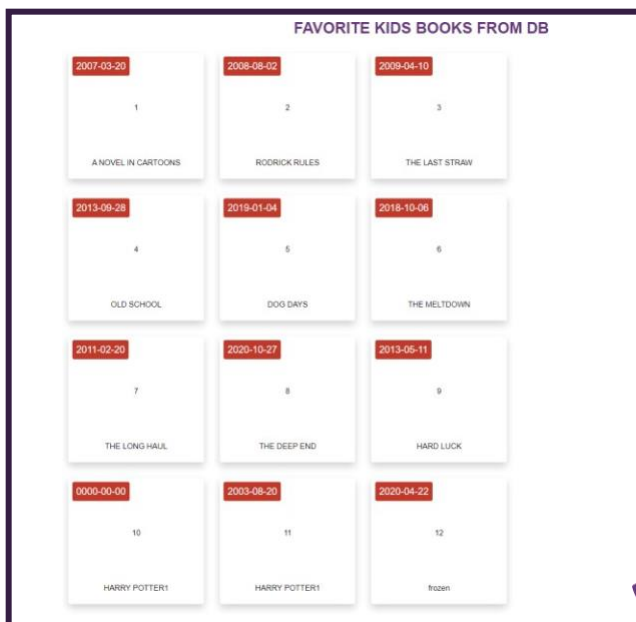

We have linked our website to the database

The screenshot shows the phpMyAdmin interface with the 'products' table selected. The table contains 12 rows of data, each with an ID, name, price, and date. The interface includes a sidebar with database navigation, a top menu with options like Browse, Structure, SQL, Search, Insert, Export, Import, Privileges, Operations, and Tracking, and a main area displaying the table data and a SQL query editor.
